

Introducing....

Kevin and Cynthia Donovan

A graduate of the US Air Force Academy, Kevin traveled the world as an Air Force officer, assigned to leadership positions in telecommunications, logistics war planning, and systems acquisition career fields. During his time in the Air Force, Kevin received distinguished Fellowships from US Central Command (Malone Fellow) and Air Force Headquarters (National Defense Fellow). Following his military service, Lieutenant Colonel Donovan ([Retired](#)) served in the Transportation Security Administration (TSA) as Federal Security Director for Eastern Washington (based in Spokane) and for the State of Oklahoma, where he also served as the Vice Chairman of the Oklahoma Federal Executive Board. At TSA Headquarters, Kevin was Assistant General Manager for Procedures, instrumental in crafting aviation security protocols and Federal regulations applicable to domestic and international air carriers. Kevin holds four Master's degrees in International Relations, National Security and Strategic Studies, Logistics Management, and Business Management. He is a distinguished graduate of both the US Naval War College and the Air Force Institute of Technology. Kevin was born and raised in Hamilton, Montana, residing now in Missoula.

Because military wives also serve their country, Cinde traveled internationally as an "employee" of the Department of Defense for more than 25 years. Cinde was an award-winning sales consultant, having risen to Business Manager positions for a number of retail product lines. She was responsible for setting seasonal and annual sales goals; hiring, training, scheduling, and motivating sales staffs; developing and executing promotional events; coordinating advertising campaigns, and ensuring tight control of millions of dollars of product inventory. Cinde also worked in the academic environment as a graduate student coordinator for a major university and criss-crossed the country as a training specialist on contract with TSA following the tragic events of 9-11. Born in Florida, Cinde adapted early to the military lifestyle – her Dad flew Presidents Johnson and Nixon as a helicopter pilot in the Marine Corps' famed Marine Helicopter Squadron One (HMX-1).

Kevin holds the memory of Cinde and their wonderful 40-year life together forever in his soul. This page and others on this website pay honor to her life and her many accomplishments. May she rest in peace.
